# STYRO 3D/2D Figures & Letter Cutouts

Advertisers and merchandisers utilize dummy figures to promote their products and brands. Artists and designers use 2D and 3D figures for modelling and decoration purposes.

STYRO EPS is a material that is light in weight, flexible and durable. STYRO 2D and 3D figures can bring life to any design that can be shaped and sculpted by our professional designers, carvers and latest technologically advanced machineries, making it the perfect product for branding and modelling applications.
